**CIRCULAR**

Nos.	Area.	Recommendation.	Reply.
290	Obtaining Electricity Connection	Design and develop an online system for granting road cutting permissions in a manner that it allows online application submission, payment, document submission and approvals.	For the mentioned points No 290 & 291, it is to submit that, at present, the department is receiving very limited applications (less than 10 Nos) per annum therefore, creating separate portal for the subject matter is not found feasible for the department.
291	Obtaining Electricity Connection	Define clear timelines mandated through the Public Service Delivery Guarantee Act (or equivalent) legislation for approval fo complete application for granting 'Right of Way' (RoW) permission	However, at present the limited applications received for road cutting permission are being processed under Samay Sudhini Seva which will be continued by the department. The time limit given for the disposal of the application under SSS is 45 days.
